GENERAL SPECIFICATIONS	
CONCEPT	DESCRIPTION
Operation temperature	0 .. +40 °C
Storage temperature	-20 .. +55 °C
Operation humidity	5 .. 95% RH
Storage humidity	5 .. 95% RH
Degree of protection	IP20, clean environment
Installation	Independent device to be installed in back boxes
Weight	33 g
Housing material	PC+ABS FR V0 halogen free

INSTALLATION INSTRUCTIONS

1. Wire the RCA cables to the RCA audio keystones (0.3 Nm max.).
2. Insert each RCA keystone into the support piece by first introducing the rigid clips on the lower part where the two grooves are located (see detail image), and then tilting up the keystone to insert the flexible clip on the upper part. Fix the fixing plate to a square or round flush back box by using the screws from the box (fixing clamps can optionally be used). Check that the plate is correctly levelled.
3. Fix the decorative frame and the cover into their final position, making sure the cover is oriented according with the marks at the backside.

To remove it, proceed the reverse way.
